

Crewsaver®

CREWFIT⁺ 180 PRO

INFLATABLE LIFEJACKET

This everyday boating lifejacket provides the ideal solution for those looking for a compact, lightweight lifejacket without compromising on performance in-water performance. First choice for those who require the safety of a lifejacket in high performance, short distance yacht racing environment.

Successful intergration of a high-volume shaped bladder design with a peninsular chin support - plus addition of a light, high visibility spray hood and increased buoyancy to 180N, provides you with maximum in-water performance. The Crewfit+ makes no compromises in regards to comfort and safety. Using our Fusion 3D technology, the Crewfit+ moulds to the shape of your body to provide the ultimate in consistant wear and comfort. Equally, featuring a stylish sleek black cover design with honeycomb and reflective detailing ensures the Crewfit+ is not only a lifejacket you have to wear, but one you will want to wear.
