

# PALS

## PERSONAL ABANDONMENT LIFEJACKET AND SUIT

Fully integrated personal safety system

**Designed for use in maritime emergencies,** PALS consists of a full body survival suit and patented ergonomically shaped life preserver unit. Both pack into lightweight hermetically sealed pouches that fix onto the waist belt.

### BENEFITS:

- ✓ Donned in under 2 minutes – delivering maximum survival chances
- ✓ 5 Years plus service interval – reducing life cycle costs
- ✓ Exceptional in-water stability - 3D engineered bladder provides exactly the right angle for torso, chin and head support
- ✓ Adult universal fit – Includes a cinching system to ensure the suit fits correctly and reduces excess trapped air
- ✓ Clear air technology – chin support for unconscious casualty and provides protection against water ingress to the airway
- ✓ None slip soles – for increased stability during abandonment

**“ Quick donning, high performance  
lifejacket and suit ”**

TRUSTED TO  
PROTECT LIVES
