**CREWSAVER'S**

**LIFERAFT RANGE**

# WHEN IT COMES TO THE WORST, YOU REQUIRE THE BEST.

With over 60 years of industry experience, Crewsaver is recognised as one of the foremost suppliers of lifejackets and marine safety equipment in the world in both the leisure and commercial sectors.

Being a part of Survitec Group gives us the opportunity to provide a liferaft service solution that is unmatched across today's markets. Our mission is to continually strengthen our position as a leading global liferaft supplier to the marine industry through customer focus, product excellence and technical innovation.

Combined with our unique lifejackets, Aurora distress signals, and safety equipment alongside McMurdo emergency beacons, Crewsaver liferafts create the most comprehensive safety range available. So you can be rest assured - when it comes to the worst, that you have the best.

## CUSTOMER LOYALTY

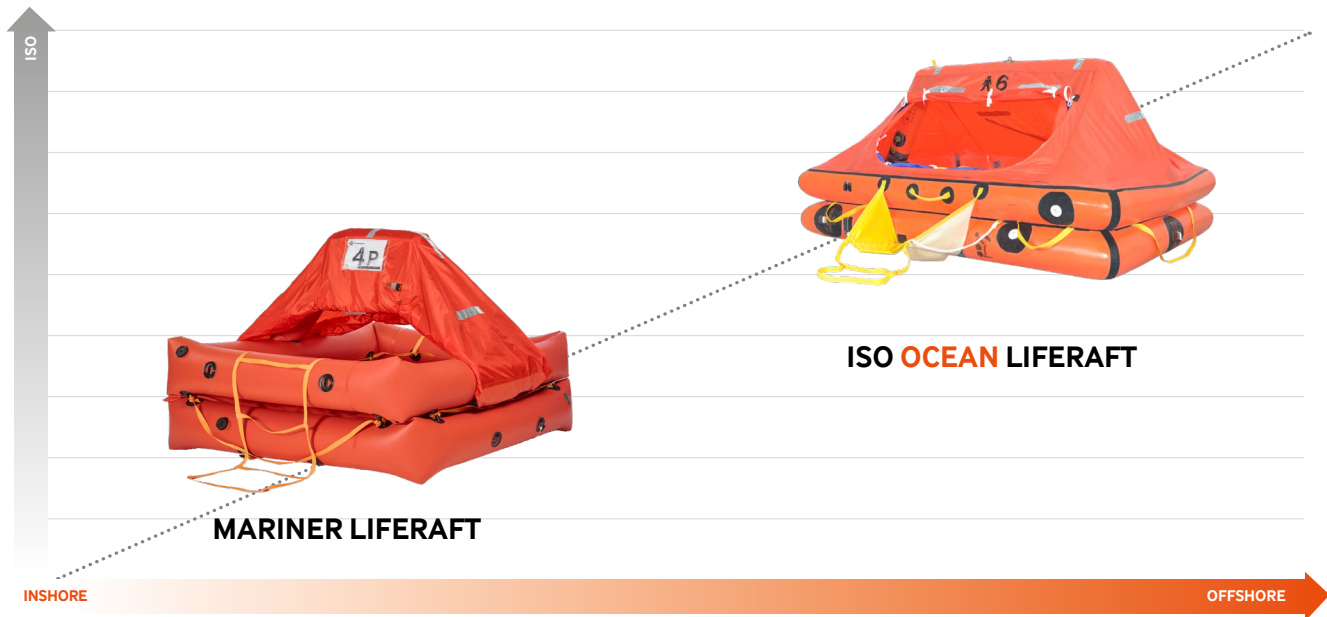

Established in 1920, Survitec Group has led the way in survival technology, securing its place as one of the most respected names in the marine industry today. Survitec Group is committed to putting customers first. From design of product through to manufacture and delivery we strive to provide you with the safest, most reliable equipment available in the market today.

## SERVICING

Survitec Group has an extensive network of service stations globally to help ensure an effective and efficient servicing process for your long term convenience and continued safety. In addition, the rafts come complete with a 12 year warranty providing they are serviced by a Crewsaver approved service station.

# INCREASED SPECIFICATION IMPROVING SAFETY & PERFORMANCE.

Every year hundreds of leisure craft get into distress in open, coastal and inland waters. Among the most common incidents are fires, collisions or rogue waves therefore it is essential you equip your vessel to ensure the safety of all on board. Crewsaver has developed a liferaft range to suit all areas of the market. So no matter what level you are operating at, there is a high quality and competitively priced liferaft for you.

# ISO OCEAN LIFERAFT

Using our skills and expertise in the design and manufacture of both liferafts and lifejackets we have created the most advanced specification ISO Ocean Liferaft yet. The Crewsaver Liferaft improves both safety and performance for you and your crew. It is approved to ISO 9650-1 standards and includes an extended three year service period. Manufactured using highly durable, long lasting Polyurethane (PU) coating helping to ensure the raft remains flexible, abrasion resistant, highly reliable, and chemically inert.

- Superb value coupled with high manufacturing quality and standards
- Easy to transport with a choice of valise or small, lightweight container with side handles
- High volume of water pockets to ensure maximum stability (4 Man - 2 x 84ltr water ballast pockets. 6, 8 and 10 Man - 3 x 84ltr water ballast pockets. 12 Man - 5 x 60ltr water ballast pockets)
- A semi-rigid boarding ramp for quick, easy and safe boarding
- Tough polyurethane coated nylon canopy
- Simple zip closed canopy door
- Interior and exterior lifelines for extra safety in heavy seas
- External strobe light to aid night location by search and rescue teams & Internal LED light
- Rainwater catcher and collection system located on the rear of the canopy
- Lookout sleeve located on the side of the canopy
- Emergency ration packs available for under or over 24 hour rafts

- 
- Rainwater catcher on the rear of the canopy
  - High visibility SOLAS standard reflective tape to aid visibility
  - Internal SOLAS standard LED light
  - Interior and exterior lifelines help occupants stabilise themselves in heavy seas
  - PU tubes with taped corners to aid longevity
  - Exterior pressure relief valves ensure excess CO2 is not released into the liferaft
  - High volume water ballast pockets ensure maximum liferaft stability when inflated
    - 4 Man - 2 x 84 litre water pockets
    - 6, 8 & 10 Man - 3 x 84 litre water pockets
    - 12 Man - 5 x 60 litre water pockets
  - External SOLAS standard strobe light attached to the roof of the canopy, makes it easier for search and rescue teams to locate in darkness
  - Lookout sleeve located on the side of the canopy
  - Simple zip-closed canopy door
  - Thermally insulated floor
  - The canopy is manufactured in a tough Polyurethane (PU) coated nylon - 170g/sqm.
  - A semi-rigid boarding ramp and webbing ladder for quick, easy and safe boarding, in addition to interior and exterior lifelines

# MARINER LIFERAFT

Designed with coastal use in mind for recreational sailing and powerboat activity, the Crewsaver Mariner liferaft is the ideal solution for those looking for a high quality yet affordable liferaft. The Mariner liferaft is manufactured by Survitec Group's liferaft manufacturing facility in Italy who have been designing and manufacturing liferafts for both the commercial and leisure markets since 1977.

This raft can be serviced at a number of Survitec's extensive network of service stations globally to help ensure an effective and efficient servicing process for your long term convenience and continued safety. In addition the raft comes complete with a 12 year warranty providing it is serviced by a Crewsaver approved service station every 3 years.

- Easy to transport with a choice of valise or small, lightweight container with side handles
- 2x 45ltr weighted water ballast pockets
- Cylinder/boarding platform front and boarding ladder back
- Bright orange top canopy which can be opened and closed from either side of the raft
- Additional reflective tape to aid visibility
- Rain water catcher located on the rear of the canopy
- Lookout sleeve located on the rear of the canopy
- High quality PVC orange tubes to ensure longevity and aid visibility
- 3 year service interval and 4 year inspection form date of manufacture
- Optional extra cradle, webbing assembly and HRUs are also available
