

Crewsaver®

PRO 50N EX

BUOYANCY AID

The only buoyancy aid you'll need. No need to change buoyancy aids between activities, the Pro 50N EX is designed to meet the demands of multiple watersports. A versatile buoyancy aid that you can personalise to suit your activity, it is ideal for instructors and sailors alike.

A sleek, streamlined and comfortable design provides you with unrestricted movement while on the water. The large storage pocket, coupled with multiple accessory mount loops, offers ample storage for your on-water essentials.

FEATURES

- Extra-large storage pocket with attachment point
- Dedicated knife pocket
- Multiple accessory attachment points
- Sculpted shape for extra comfort and manoeuvrability
- Stretch mesh shoulder straps and side panels for comfort
- Lightweight, supersoft foam construction
- Secure fit dual waist adjusters with webbing tidy
- Breathable Airmesh technology for improved heat management
- Internal Grip Strips to eliminate garment ride up
