

Crewsaver®

**WHY CHOOSE
CREWSAVER**

It's what's inside that counts

The Crewsaver Workvest range uses technology and expertise gained by Survitec through its work in the design and manufacture of lifejackets for the marine and aviation markets. The range provides absolute protection and performance to ensure your workforce safety is taken care of. By uniting our innovative ergonomic designs with ground breaking performance materials, the Crewsaver Workvest range aims to provide you with the winning formula.

Spray hood* includes additional piping and breather holes to keep it off your face and aid visibility

Slim line profile around the neck allowing you to move your arms more freely

Accessible twin lifting beackets, allowing your crew to get you out of the water as easily as possible

The most up-to date Hammar MA1 and UML pro-sensor operating head which prevents accidental activation by wave splashes

Unique bladder distribution providing turning solutions in less than three seconds

Crotch straps to reduce jacket ride up

A built in inflatable chin support, comfortably supports your head and keeps your airways clear

Manual oral tube for additional air top up

Built in AIS attachment point, AIS can also be fitted as standard activates automatically on inflation

Built in lifejacket light, whistle and spray hood*

Attachment for fitting a PLB

Reflective tape to aid visibility

290N Inflation chamber providing exceptional turning speeds even when wearing heavy clothing

Example: Crewfit 275N XD with added hood and light

* Spray hood and light available as optional extras
